TO BEGIN IN SIXTY DAYS

Work to be Pushed on Extension of Shelbyville Line.

Greensburg City Council Confers With Mr. Henry at Indianapolis.

As a result of a conference between the mayor and city council of Greensburg with Charles L. Henry, held in Indianapolis yesterday, terms were agreed upon which make it probable that work will begin on the extension of the Indianapolis and Shelbyville traction line from the latter place to Greensburg within less than sixty days. The conference was attended by the mayor and all the members of the Greensburg city council with the exception of one. The council returned to Greensburg yesterday afternoon and held a special meeting last night to pass an ordinance for a franchise for the road. This ordinance is much the same as the old franchise granted to the same company over two years ago.

Mr. Henry went to Shelbyville today to see if he cannot secure a revision of the franchise in that city. The financial arrangements for the extension of the line have been completed and it will be known as the Greensburg division of the L. & C. Traction company, and will be under the same management as the Indianapolis & Shelbyville branch.

Mr. Henry says that work on the line will commence within less than sixty days and that cars will be running into Greensburg before the first of next year.

It is understood that the extension of the line from Greensburg to Madison will not be attempted until after the road is in operation to Greensburg.

At the meeting of the Greensburg county council Mr. Henry was granted a fifty year franchise. The franchise is practically a copy of the Rushville and Connersville franchises with some additions.

MANY ORPHANS ARE GRADUATED

Twenty Three are Given Diplomas at the Knights-town Home.

The exercises of the sixteenth annual commencement at the State Soldiers' and Sailors' Orphans' Home, near Knightstown, which has been in progress since last Sunday morning, when Lieutenant-Governor Hugh T. Miller addressed members of the graduating class, closed yesterday, when twenty-three members of the class of 1905 received diplomas.

Lincoln Chapel was crowded to its utmost capacity with the children of the home and their friends, including hundreds of alumni. After each graduate had given an essay or oration, George W. Duncan, of Greenfield, president of the Board of Trustees, presented the diplomas, while Mrs. Julia S. Conklin, of Westfield, secretary of the board, presented each child with a Bible.

Many Rushville people who attended the commencement yesterday morning remained for the play, "Tom Thumb's Wedding," which was presented by the orphan children. There was a ball game and a band concert in the afternoon and another concert in the evening.

Cambridge City Tribune: Homer Benson, who has had charge of the Prudential interests in this city for several years has been transferred to Rushville and will move his family to that city this week.

A WOMAN SHOTS

Mrs. George Keever at Pennville Resists Her Drunken Husband.

Cambridge City, Ind., June 23.—George Keever, a well-known resident of Pennville, this county, was probably fatally wounded by a shot fired by his wife. Keever dissipated to excess and went to his home in an angry mood and demanded admision. His wife refused to open the door, and this so enraged him that he threatened to kill her. Keever then began beating the door down, and his wife, after warning him to desist, fired a shotgun, the load of nearly a hundred shot passing through the door and many of the leaden pellets entering her husband's body. They took effect in his shoulder and hip and some of them are thought to have penetrated the abdomen. Sheriff Smith of Richmond placed Mrs. Keever under arrest, and she was taken to that city to await a preliminary hearing.

GOOD CATCHES AT SHELBYVILLE

Two Men Held by Police Pending Murder Investigation Prove "Live Birds."

Two men arrested by the police of Shelbyville, who are picking up all suspicious characters while the Hill murder investigation is in progress, have proved to be lucky catches.

A negro arrested for loitering gave his name as C. E. Poston, of Crawfordsville. When placed in jail and searched a solid gold watch with the inscription, "C. E. Poston, Crawfordsville, Oct. 25, 1877," engraved upon the inside, was found in his possession. The sheriff communicated with the chief of police of Crawfordsville in regard to the matter and learned that the watch, together with a diamond ring had been "stolen from the Poston residence in that city on June 8th. The negro also had in his possession a receipt from the American Express company issued at Greenville, O. for a package valued at \$25 and sent to Frank Walker at Indianapolis.

Bruce Britton, who says his home is in Afton, Tenn., and who was arrested in Prescott last Wednesday a week ago, the day little May Hill was murdered, is thought to be a deserter from the regular army. Both men will be turned over to the proper authorities.

DEATH OF ROWE MARTZ, OF HOMER

Superintendent of Homer Canning Factory Passed Away This Morning.

The death of Mr. Rowe Martz occurred this morning at three o'clock at his home in Homer, the fatal disease being peritonitis. Mr. Martz was thirty-six years old and was quite a prominent citizen in the vicinity in which he lived. He leaves a father, mother and sister, all of whom live in Kokomo, and two brothers, one residing in New Castle and one in Homer. The funeral services will be held at Arcadia, Indiana, under the auspices of the Knight Templars, of New Castle, the former home of Mr. Martz.

—Misses Minnie Engler and Margaret Jones, of Franklin, will come next week for a visit with the Misses Hazel Davis and Hazel Moore and other friends here.

—Mrs. George C. Wyatt and daughter, Miss Georgia, went to Indianapolis today and will visit in that city until tomorrow.

THE HORRID CURIOSITY

Was This the Motive Underlying Wrecking of Lake Shore Flyer?

It is Now Apparent to Authorities That Switch at Mentor Was Tampered With.

Cleveland, O., June 23.—The list of fatalities in Wednesday night's wreck of the Twentieth Century Flyer on the Lake Shore at Mentor, O., is one of the largest in the history of that road, numbering nineteen persons. All the victims were prominent in the business and professional world in New York, Chicago, Cleveland and other cities.

The official list of the dead as compiled by the officials of the Lake Shore company is as follows:

John R. Bennett, attorney, 31 Nassau street, New York city; John A. Bradley of the law firm of Rowley, Rogers, Bradley & Rockwell, Akron, O.; T. R. Morgan, second vice president of the Wellman-Seavers-Morgan company, Cleveland; C. H. Wellman of the Wellman-Seavers-Morgan company, Cleveland; A. L. Rogers, New York city, representative of the Platt Iron Works, Dayton, O.; S. C. Beckwith, New York; A. H. Head, London, Eng., representative of the Otis Steel company of Cleveland; H. H. Wright, traveling man, Chicago; D. E. Arthur, traveling man, Milwaukee; J. H. Gibson, Chicago, traveling man; H. C. Meehling, New York city, with the Wheeling Corrugated Iron company; L. M. Elrick, manager of Keith's theater, Cleveland; E. E. Naugle, Chicago, proprietor of a railway supply house; two as yet unidentified dead, supposed to be L. A. Johnson of the millinery firm of Comey & Johnson, Cleveland; Henry Trinz, barber on the train; Allan Tyler, engineer, Collinwood, O.; F. J. Brant, head brakeman, Erie, Pa.; N. B. Walters, baggage man, Hamburg, N. Y.; W. D. Mickey, porter on Pullman car, Chicago.

As to who is responsible for the open switch which was the cause of the wreck, the officials are still uncertain. They believe that the wreck is the result of either a maniac who wanted to see the wreck of such a fast train or some person bent on revenge. A careful examination of the switch showed that it was in perfect condition.

Detectives are working on the case. Trainmen are of the opinion that the crew of the Twentieth Century was deceived by a second white light 100 feet beyond the switch which was open, but while traveling at such fast speed were unable to gauge the distance and mistook the second light for the first one.

W. H. Marshall, general manager of the Lake Shore, believes the speed of the train was not a contributory cause to the wreck. He said that other Lake Shore trains travel through Mentor at a speed equal to that attained by the Twentieth Century, which was not. Mr. Marshall said, above the rate of sixty miles an hour. The schedule for the train called for a speed of fifty-seven miles an hour at that point. The wreck had no effect on the sale of tickets for the same train last night, the full quota allotted to this city having been sold long before the time of the train's departure.

Coroner York of Lake county announced that the inquest would begin next Monday morning at 9 o'clock at the courthouse in Painesville. He says he will summon officials of the railroad company to testify.

—Elmer Readle, wife and little daughter will spend Sunday with Mrs. Anna Readle, of Gwynneville.

—W. T. White, of Shelbyville, was in the city on business today.

—Will Innis, of Milroy, visited friends here today.

—Nathan Arbuckle, of Homer, was in town today looking after business matters.

—Fred Clevenger is at home from West Baden for a short visit.

The high school students and the Alumni will picnic at Derbyshire Falls on July 4th.

TAKEN TO HOSPITAL

Prof. Howard Attempted Suicide Twice Within Last Few Weeks.

Professor J. Westbrook Howard, who formerly conducted the Rushville college, has been taken to the hospital for the insane at East Haven, where he will be closely watched as he has upon two occasions attempted to take his life while in a despondent mood over the death of his wife and business troubles.

For a number of years Howard was one of the best known business college men in the West and he enjoyed a thriving business at Muncie, where he was permanently located until the death of his wife. After this time he met several financial reverses and these, in connection with the loss of his wife, unbalanced his mental power and he grew rapidly worse. It was while in Kokomo that a sanity commission declared him to be of unsound mind and arrangements were made to take him to Richmond.

For a time last summer, Mr. Howard was located at New Castle and the manner in which he conducted his business led many to believe that he was off mentally and that it would be a question of a short time until he would either do himself an injury or be taken to the hospital. The latest developments indicate that the impression was correct.

ROBBED BOTH RIGHT AND LEFT

Rushville Loses to Kentland in a Game Full of Rag Chewing.

Rushville lost to Kentland yesterday at that place in a game full of rag chewing. The locals were deliberately robbed of a fair chance at the hands of the umpire and a set of dirty ball players.

Kentland was defeated here recently and immediately after the game the visiting players boasted of what they would do to Rushville at home.

The following telegram was received here from Manager Geraghty at Fowler this morning:

"No chance to win at Kentland. Umpire took game in first and second innings."

JAMES GERAGHTY."

It seems that Kentland has been winning most of her games in this fashion all season. Rushville plays at Fowler today.

The score in yesterday's game was as follows:

	1	2	3	4	5	6	7	8	9	R	H	E
Rushville	0	0	0	2	0	1	2	0	—	5	7	3
Kentland	4	3	0	0	5	2	0	x	—	14	10	4

STOCK SOLD TO STOCKHOLDERS

Buena Vista Company is Now Completely Reorganized and Ready For Business.

The affairs of the Buena Vista Oil company have at last been straightened out and the development of the Franklin county field, which is considered promising, will be started within a few days. A meeting will be held at Laurel Saturday by the directors at which time several thousand dollars of additional stock will be offered to stockholders. The stock will be sold at par and only to those now holding stock in the company.

The company's affairs are now in a satisfactory condition. The books have been examined to the satisfaction of those interested. About \$2500 had been collected from the sale of the stock and this amount was accounted for.

The last time the Buena Vista well was measured it showed 316 feet of oil standing in the hole.

WILL SLAYER EVER BE FOUND

That is a Question That Cannot be Answered—A Fair Puzzling.

The Parents of Murdered May Hill Can Throw no Light on the Dreadful Affair.

Excitement in the Little May Hill case at Shelbyville has somewhat decreased at the present time, the crime having been committed one week ago Wednesday morning. Occasionally a new clew is given the officers, but upon running it down the fact is soon learned that there is hardly any foundation for the rumor, which it proves to be Mr. and Mrs. Hill, parents of the murdered child, were in Shelbyville Wednesday morning, coming on the 10 o'clock car from Indianapolis. They were accompanied by the parents of Mrs. Hill, Mr. and Mrs. F. M. Calbert, who are residents of Indianapolis. They were closeted with the coroner, and the prosecuting attorney, for two hours, but if they could throw any new light on the case, it was not made public. Newspaper representatives are prohibited from being present at any of these examinations.

Mr. Hill was seen Wednesday afternoon and he said to a reporter that he had not the slightest clew as to who could have dealt the murderous blow. The person who entered the house was certainly bent on robbery, and he was surprised by the child being there at the time, and fearing that it would recognize him, he struck her the blow which resulted in one of the worst deeds that was ever committed in Shelby county. Mr. and Mrs. Hill, upon the advice of their physician, returned to Indianapolis Wednesday afternoon to remain several days.

Other witnesses that were examined at the inquest were Miss Aletha Miller, Walter Drake, Lyda Short, William Collins, and Ben Pettit. The detectives are hard at work on the case, following every little clew, but they are still very much mystified and it is the opinion of the majority of the residents of Shelbyville that the affair will never be solved.

Besides the reward of \$200 offered by the city and \$300 by the county for the arrest and conviction of the murderer, there are a number of subscription papers at the different stores which are being signed by numbers of people who are giving their financial assistance in the running down of the murderer of the child. Senator Ert Slack, of Franklin has sent a check for \$2 to assist in this work.

ARRESTED FOR FAST DRIVING

Bert Beaver, Formerly of This City, and Chris Conly Fined at Connersville.

The Connersville Examiner of Thursday says: City Marshal Frank Elwood filed an affidavit in the city court this morning against Bert Beaver, the liverman, and Chris Conley for fast driving in the city limits. Both men appeared before Mayor Gray and readily entered a plea of guilty and paid a fine and cost of \$9.05 each. Mr. Beaver and Mr. Conley were driving a horse and buggy each on Eastern avenue and according to the charges against them they engaged in a race for a short distance down the thoroughfare and were seen by the officer. This, however, was their first offense and they readily paid their fines without going into any further court proceedings.

The exposition of rare old books and manuscripts now being held in the British Museum includes the oldest known manuscript of the Bible, of the ninth century.

LUCKY FIRST BASEMAN

This is the Kind of "Ball" That all Certainly Would Like to Play.

While playing first base in a ball game at Rhyolite, Nevada, William Griffiths, a mining expert of Salt Lake City, discovered in the field a rock bearing free gold. Returning to the scene with a lantern at night he picked up about ten pounds of the rock which he assayed and found to run \$937 to the ton. Griffiths took a few friends into his confidence and they at once purchased a large interest in the company that owns the ground. It is said Griffiths has had an offer of \$25,000 on the stock he purchased as a result of his find.

SOCIETY NEWS

Misses Mary Neutzenhelzer, Edith Lore, Marie Clark and Hazel Moore picnicked yesterday near Arlington.

Miss Anna Bohannon entertained the Priscillas last night in honor of Miss Georgia Anna Schmid, of Indianapolis.

John D. Washum, a railroad man from Indianapolis, and Miss Clauie Havens, of Arlington, were married last night at the Methodist parsonage by Dr. V. W. Tevs.

The marriage of Mert A. Farlow and Miss Mary Power took place Thursday night at the home of the bride, southwest of Milroy. Rev. J. T. Scull, Jr., of Carthage, cousin of the groom officiated. The groom's parents, Mr. and Mrs. J. M. Farlow, will give a reception for the bridal couple tonight.

Miss Zela Norris entertained informally at her home on North Main street, Wednesday evening, to introduce Mr. and Mrs. Frederick Libke, of Indianapolis. Mr. Libke is one of the assistant piano teachers in the Metropolitan School of Music, and Mrs. Libke graduated from that school last Monday. Both Mr. and Mrs. Libke are artists, speaking musically, and they, assisted by Mrs. Jesse R. Norris, delighted the company with a splendid musical program.

THE TELEPHONE FIGHT IN IND.

The Independents Must Have the Backing of the National.

The Battle Against the Bell People Goes Adversely in This State.

The combine of all independent telephone associations in the United States into one gigantic company for the purpose of waging war effectively against the Bell Telephone company is expected to be the development of the mass meeting of independent telephone men meeting in the Auditorium at Chicago this week.

Indiana independents are interested in the work of the convention, and nearly a hundred men from the State are in attendance.

Developments during the last six months have made it imperative on the part of the Indiana independents to make some move to hold their position, as the Central Union company has already spent large sums of money and, it is understood, has entered the field with the purpose of gaining prestige. The uncertain organization of the independents compared with the solid front presented by the Bell has induced disaster in some places.

While officers and workers in the independent field express confidence that they will have little trouble in gaining mastery over the Bell people, they realize, according to reports from over the State, that they need a strong national organization.

James B. Hore, of Cleveland, Ohio, president of the national movement, and Theodore Gray, of Macon, Mo., president of the Interstate Telephone Association, are at the Chicago meeting. Arrangements have been made, and solidifying of the National Telephone Association only awaits the sanction of this convention.

Nearly 1000 delegates are attending the convention from all over the country. Presidents of State association are nearly all present and will speak of the conditions in each State.

Theodore Thorwald of Ft. Wayne, president of the Indiana independents, is among this number. The battleground in the fight between the Bell and the independents is in Indiana at this time, and the independents of Indiana need succor from outside sources, it is said, if they are to win the victory. A solid national organization is believed to be their only hope.

TWO TRAINS TO BE TAKEN OFF

C. H. & D. Will Reduce Number of Trains Between Cincinnati and Indianapolis.

On Sunday, the C. H. & D. will remove from its schedule trains No. 44 and 45 between Indianapolis and Cincinnati. Train No. 44 is the west bound accommodation due here at 8:40 a. m. and train No. 45 is the east bound accommodation due here at 7:20 a. m.

With the annulling of these trains the C. H. & D. will then have but six passenger trains daily each way between these points.

It is known that since the advent of the traction line, the patronage on these trains has been greatly reduced between Rushville and Indianapolis and there has not been enough patronage east of this city, to make them pay. Consequently the officials of the road decided to annul them.

The running time on several of the other trains, it is understood, will be reduced Sunday with the road's new fast time service to be inaugurated on that day.

RUSHVILLE, IND., JUNE 23, 1905.

The demagogues and ignoramus will of course complain that the administration is again meddling with foreign affairs. The great majority of the people, however, will approve this move, that is prompted, as the President says, by considerations of humanity.

Municipal ownership of utilities is bound to be a failure in this country where the policy of the management would be interfered with by the ward politician. It would simply mean increasing the power of the machine to many times what it is now, and the machine once in power, it would be almost impossible to oust it. There is too much politics in this country for municipal ownership to be a success.

The State Labor Commissioner reports that the situation in this State is better now than ever before, the relations between employees and employers are more amicable, and the indications are that they are likely to remain so for some time to come. We trust that this may continue. There certainly ought to be some way for full-grown human beings to get on with one another without resort to a strike, which always brings incalculable loss to the parties directly connected with it and also to the public, which is always the chief sufferer.

That the popular theory of success in diplomacy and in politics has undergone a change is proven by the apparent success of President Roosevelt's attempt to bring about negotiations for peace between Russia and Japan and the honest way in which it was done. Men who are called politicians have said that Roosevelt is not a politician, but he has secured results in politics nevertheless that these same politicians have failed to secure, and apparently he is to be equally successful in diplomacy. Secretary Day applied the same methods in his diplomacy and succeeded. A good many people have been surprised at these results because things were accomplished in a way directly the opposite of the old theory of success in politics and in diplomacy. No matter whether Roosevelt or anybody else is to be regarded as a politician or as a diplomat or not, he gets results and that is what is desired. And we are inclined to think that it would be well for the so-called politicians and the so-called diplomats to ponder these methods. It is possible that they need to change either ways more than the president needs to change his ways.

HANLY DELIBERATING

The Governor Confronted by Two Appeals for Clemency.

Indianapolis, June 23.—Governor Hanly's attitude relative to the death penalty will probably be definitely known within a few days, as the supreme court has dismissed the appeal of the attorneys of Berkeley Smith, colored wife murderer, who is under sentence to hang at the state prison, Michigan City, June 30. Strong pressure is being brought to bear on Governor Hanly to commute to life imprisonment the death sentence of both Smith and Edward Donahue, the latter of whom was convicted on the charge of murdering Armlinger Northrup of Hobart, for the purpose of robbery, and it is believed by state officials that they will not be hung. The governor is reticent as to what course he intends to pursue, but it is known that he is investigating very carefully to learn from the best authorities whether or not capital punishment is a better preventative for major crimes than life imprisonment. He is naturally opposed to the death penalty, and it is believed that he will not only commute the sentences of Smith and Donahue, but that he will establish a rule in that respect that will prevail throughout his entire administration.

The new local Democratic organization will be made up largely of the men who did the successful fighting for Mayor Holtzman two years ago. The mayor has no opposition for re-nomination, but he was anxious to have a committee that is unanimously for him and that will fight for him from start to finish. The organization so far, it is understood, is entirely sat-

isfactory to him and his lieutenants. Chairman Keach will retire Saturday afternoon when the new committee-men will meet to decide when the nominating convention shall be held, and to elect officers. There is no opposition to Edward Raub for chairman and it is probable that the date for the convention will be set for about the middle of July.

The funeral of Simon P. Sheerin, head of the New Long Distance Telephone company of Indiana, and former secretary of the Democratic national committee, was held this morning. Many messages of condolence were received from throughout the country today. Former President Cleveland wired Mrs. Sheerin as follows: "One who counted your deceased husband among his beloved friends expresses his sincere sympathy with you as the saddest victim of death's visitation." Among others who sent messages were W. F. Harrity, who was chairman of the national committee while Mr. Sheerin was secretary; T. F. Ryan of the Equitable of New York, and ex-President Loree of the Rock Island system.

Captain Harry S. New, acting chairman of the Republican national committee, has returned from his summer cottage at Turtle Lake, Mich. He is looking fine and will remain here until after the primaries a week from today. Captain New is taking an active part on behalf of Frank D. Stalnaker, candidate for nomination for mayor, and was to have presided over one of his meetings last night, but was unable to be present. The latter's managers are growing bolder in their claims. One of them at his headquarters asserted today that he will have a majority of 3,000 over Bookwater. The betting is growing more favorable to Stalnaker, the odds changing today from 10 to 9 to 10 to 7.

Ex-City Clerk on Trial.

Noblesville, Ind., June 23.—The case against Horace W. Carey, ex-clerk of Hamilton county, indicted for embezzlement, has been called for trial, after having been postponed three times. It is alleged that the defendant did not pay to the Monon Railway company \$3,025 which the Indianapolis Northern Traction company paid to him in his official capacity as compensation to the Monon for privilege of crossing the steam road south of Carmel. Carey's bondsmen settled the shortage after judgment had been rendered in favor of the Monon company. This was followed by Carey's indictment on the charge as named.

An Awful Revenge.

Pittsburg, Kan., June 23.—An unknown man called W. R. Scott, a lumber merchant, to the latter's door here and threw a pint of carbolic acid into his face. Scott was burned terribly about the face, neck and shoulders. He may live but probably will be blind. The assailant escaped. No motive for the attack is known.

Trial of a Banker.

St. Paul, June 23.—A jury has been secured in the United States district court to try Thomas F. Clement, the former president of the failed First National bank of Fairbault, Minn., on the charge of embezzlement, false entry and misapplication of funds and abstraction of the bank's assets.

Will Look Into Rates.

Washington, June 23.—The interstate commerce commission has fixed a hearing at Louisville, Ky., July 14 in the matter of alleged unlawful rates and practices in the transportation of grain and grain products to and from Louisville and other Ohio river points.

Two Brides Graduate.

Angola, Ind., June 23.—Two of the three graduates of the Camden high school are sisters. A double wedding was arranged the day before the commencement exercises, and the sisters were graduated as married women.

EXECUTIVE CLEMENCY

Has Been Extended for Third Time in Mrs. Rogers' Case.

Brattleboro, Vt., June 23.—A reprieve until Dec. 8 for Mrs. Mary M. Rogers, the condemned murderess, was signed last evening by Gov. Chas. J. Bell, and for the third time the woman, who was to have been hanged at Windsor today for killing her husband, has been saved through the operation of the governor's power of staying the execution. This reprieve was granted in order that the case may be carried to the supreme court of the United States on constitutional questions, which were raised at a hearing before Judge Hoyt H. Wheeler, sitting as a justice of the United States circuit court. Mrs. Rogers' attorneys petitioned for her release on a writ of habeas corpus.

The court declined to grant the petition, but suggested that the points of law raised by the petition were such as to be passed upon by the supreme court of the country. The refusal of the judge to grant the writ was at once followed by the filing of an appeal.

Judge Wheeler thereupon announced that he would render his decision of an appeal this afternoon in order to give Governor Bell an opportunity to reprieve Mrs. Rogers. An hour later Judge Wheeler received a telegraphic message from Governor Bell at White River Junction, announcing that Mrs. Rogers had been reprieved. The judge at once signed the paper which gave to Mrs. Rogers the legal right to have her case heard by the supreme court of the United States.

OMINOUS SILENCE

Lack of Definite News From the Front Points to Probable Action.

RUSSIANS IN RETREAT

Such is the Rumor That Is Having Wide Circulation in St. Petersburg at Present.

To Avoid Being Flanked and Picketed Linevitch Is Failing Back.

St. Petersburg, June 23.—News from the battlefield is exceedingly meager. A press telegram of Tuesday's date speaks of a "rear guard action," and there are rumors in the city that the Russian army is retreating; but the latest dispatches received from Lieutenant General Linevitch bearing the same date declared briefly that the Japanese advance had paused. A dispatch from Gunshu Pass of Wednesday's date says that the operations of the Japanese apparently ended after the last fight and they appeared to be merely clearing their immediate front.

It is probable the Russian advance line is crossing the railroad and will continue their retirement more or less hurriedly in order to avoid being flanked and picketed until the positions at Sipinghai are reached. The main forces seemingly are not yet in collision.

GREAT BATTLE PENDING

Gunshu Pass Advances Give Some Significant Intimations.

Gunshu Pass, Manchuria, June 21.—(Delayed in transmission.)—The operations of the Japanese during the last five days, which at first were thought to be portentous, apparently ended after the last fight. The Japanese appear to be merely clearing their immediate front.

There is now no reason for any further delay in beginning the great battle, as the opposing armies are essentially equal. The Russian troops are under the impression that an advance is about to begin.

Correspondents are not allowed to refer to the sentiments of the army concerning the peace proposals. The heads of the various armies have adopted a bellicose attitude, especially since the opening of peace negotiations were reported here.

A Long Step Forward.

St. Petersburg, June 23.—It is announced definitely that the powers of the new popular assembly, which will be composed of 500 members elected for five years, will be co-equal with those of the council of the empire and that all legislation to become law must pass both houses and receive the emperor's approval. Representatives of the press will be admitted to the assembly, but reports must be censored before publication. In addition there will be a regular official publication of the proceedings, like the Congressional Record.

HOME AGAIN

President Roosevelt Concludes Round of College Visits.

Washington, June 23.—The journey of President Roosevelt among the colleges of western Massachusetts ended with his departure from Williamstown after he had received from Williams college the honorary degree of L. H. D. His stay in that state, which was of scarcely thirty-two hours' duration, was a busy one. He attended three college commencements, at two of which he received high honorary degrees; traveled several hundred miles, and besides delivering significant addresses at each commencement, made a number of speeches from the platform of his car to citizens who had gathered at the stations along the route. The president's train arrived in Washington early today. He will return to New England next week to attend commencement at Harvard university.

A Mistrial.

Washington, June 23.—No verdict was reached in the case of William G. Crawford, charged with conspiring with August W. Machen and George E. Lorenz to defraud the government in connection with contracts to furnish letter carriers' satchels to the postoffice department, and after deliberating for more than forty-seven hours, the jury was discharged.

Belligerent Woman Surrenders.

Wichita, Kan., June 23.—Mrs. E. Roseberry, an elderly woman who barricaded herself in her room at Barnesville near here, after firing upon a rural mail carrier, surrendered to a posse and was placed in jail at Wichita. The woman objected to the carrier using the roadway in front of her house in covering his route.

Incentive to Better Shooting.

Washington, June 23.—Additional pay of \$1 a month to enlisted men in the army who qualify as "expert rifle-men" is offered in general orders issued by General Chaffee, chief of staff, and is calculated to stimulate rifle practice in the army. Qualification for the additional pay cannot be made by men in the artillery corps.

IT CAUSES TALK

Dead and Inactive Men Found on Equitable's Salary Roll.

New York, June 23.—Attention has been directed to the fact that four Equitable officers mentioned in the report of State Superintendent of Insurance Hendricks as drawing salaries for the last five years are no longer actively connected with the company. E. W. Lambert appears in the report as medical director with a salary of \$25,000 a year. He died thirteen months ago and yet according to the table his salary was paid this year and last. Edward Curtis, who figures as a medical director at \$15,000 a year, resigned that position eighteen months ago. George H. Squire, who is now a director of the company, is down on the list as financial manager at \$12,000 a year, although H. R. Winthrop succeeded Mr. Squire as financial manager many months ago. J. B. Loring is recorded as a registrar with a salary of \$3,500 a year. Loring ceased to perform the active duties of the registrarship in April, 1903. Officers of the society said that possibly Mr. Hendricks had gotten hold of an old list.

Jerome Is Aroused.

New York, June 23.—District Attorney Jerome has entered into an investigation of the Equitable-Life Assurance Society trouble. Governor Higgins has notified Jerome that he could rely upon executive co-operation in any action he might take.

A MATTER OF PRINCIPLE

Union Button Causes Hitch in Chicago Peace Conference.

Chicago, June 23.—A conspicuous display of the union button, it is said, is all that stands in the way of a settlement of the teamsters' strike. A committee of the striking teamsters' peace committee called on J. V. Farwell, representative of the employers' association, and outlined a basis of settlement. One of the requests of the labor men was that the teamsters should be allowed to wear their union buttons if they agreed to accept the terms of settlement proposed by the employers. Mr. Farwell informed the committee that the employers could never agree to this proposal and would insist on the men dispensing with union emblems entirely or if wearing the button at all, keep it out of sight. The subcommittee told Mr. Farwell that they had no authority to concede this point, but that they would lay the matter before the full committee when a decision on the proposition would be reached.

Another Big Coal Merger.

Terre Haute, Ind., June 23.—A merger of the Freeman & Dickinson interests makes the fifth million dollar combine in the Indiana coal field, and it is said brings the Monon into the railroad competition. Miners who looked with favor on the first combines begin to fear that the big companies will force them to less profitable contracts.

Racing Boats Capsized.

Imperial Yacht Club, Kiel, Germany, June 23.—While 115 men-of-war cutters, pinnaces and gigs were racing in the outer harbor the wind arose and half a dozen of the racers capsized. All the crews were rescued, but the races were thrown into considerable confusion.

Body Badly Mangled.

North Manchester, Ind., June 23.—Levi Weaver lost his life, being killed by a Big Four train at Kerlin's Crossing, six miles northwest of here. The body was badly mangled. Weaver was about forty years of age and unmarried.

Killed in Runaway Accident.

Danville, Ind., June 23.—John W. Vickery, one of the leading farmers of Marion township, was killed in a runaway accident near Remo, and his wife is probably fatally injured.

TERSE TELEGRAMS

August Belmont has tendered his resignation as a director of the Equitable.

The German troops in China with the exception of those at Tsingtau will shortly be recalled.

Formal announcement of the creation of the new nation of Norway has reached the state department.

The sixteenth annual meeting of the Trans-Mississippi Commercial congress will be held at Portland, Ore.

District Attorney Jerome of New York has undertaken an inquiry into the conduct of the Equitable society.

Governor Bell of Vermont has signed a reprieve for Mrs. Mary Rogers, the Benning murderess, until December 8.

At Newbold, Wis., Mrs. Ezra Crow and Mrs. Edward Crow and six children were drowned in the Rainbow Rapids, Wisconsin river.

The progress of Japanese shipbuilding is indicated by the near approach of the launching of a cruiser for China from one of the Japanese dockyards.

The Italian government has decided to promote a European congress for the settlement of pending international questions, including those concerning Morocco.

It is considered probable that the French note forwarded to Germany will be semi-officially communicated to the powers signatory to the Madrid convention.

General Lord Kitchener, commander-in-chief of the British forces in India, seems to regard as inevitable a great struggle with Russia for the possession of India.

TURNERS IN PARADE

Notable Pageant Was Attraction on Indianapolis Streets.

Indianapolis, June 23.—One of the most elaborate and beautiful street pageants ever seen in Indianapolis was the historical parade given by the North American Gymnastic union. It was a pageant in which the hand of an artist was seen in all the little details, appealing to the eye with well-preserved color harmonies, with which the overhead street decorations were in accord. It was also one of the largest pageants ever seen here, organized as it was in six divisions, with about 6,000 participants, and required more than an hour in passing.

The scene was especially effective in Washington street's breadth, where ropes reserved the entire pavement to the pageant and where the parade counter-marched, and also as it passed about Monument place. With brilliant sunshine over the moving and waving colors, with the great picture framed by thousands upon thousands of spectators along the streets, in windows and on roofs, with the stirring music of many drum corps and bands, and with the hearty shouts of "Gut Hell!" from one band of marchers to the other and from onlookers, the whole was something long to be remembered with pleasure.

The parade told the story of the German's part in American history, beginning with the American Revolution in 1776, moving through the period of settlement of the Northwest after the emigration of German revolutionists in 1848 from the fatherland to this country, and emphasizing the active part of the German Turners in the American civil war. These things were illustrated by costumed characters and allegorical floats, and at the end of the parade the evolution of physical culture as it is followed by the German people was shown.

Today on the athletic field at the state fair grounds is what the judges and festival managers call the "hard" day, since the program is heavy with various contests, including 100-yard dashes by foot racers, tactics, dumb-bell and wand exercises, broad jump, class and individual competition in apparatus work by societies, model exercises by societies and exercises by the girls and juniors of the Indianapolis gymnastic societies.

Program for Editors.

Rochester, Ind., June 23.—Henry A. Barnhart, secretary of the Northern Indiana Editorial association, has issued the program for the annual meeting at Rochester June 29 and 30. It promises to be a very enjoyable event. The sessions will begin with an address from the president, A. B. Cramp-ton, editor of the Delphi Times. State Senator Daniel McDonald will deliver an address on "Northern Indiana Journalists and the Journalism of Other Days." The delegates will be driven to Lake Manitowish, where fish-fry will be served, the dining rooms of three hotels being required for the crowd expected. In the evening there will be a band concert and reception. Friday's program includes addresses by James A. Terry of the Laporte Argus-Times; George B. Lockwood, Winona; W. S. Haggard, Lafayette Journal; Frank D. Haimbaugh, Muncie Press, and a business session at which officers for the following year will be elected.

Must Go to Gallows.

Indianapolis, June 23.—Berkeley Smith, the negro who shot down his young wife several months ago, must hang for the crime according to the verdict of the jury in criminal court. The supreme court has affirmed the judgment of the lower court, and Smith will be hanged at the state prison, June 30. Smith was originally sentenced to be hanged last month, but was granted a stay of execution pending an appeal.

Schedule Was Risky.

New York, June 23.—The Twentieth Century Limited on the New York Central-Lake Shore line will be restored to a twenty-hour schedule instead of the eighteen-hour schedule now in force. President Newman in making this announcement said that he did not believe Wednesday night's accident was due to the speed of the train, but that it was his judgment that the twenty-hour schedule should be restored at once.

Municipal Ownership.

Tampa, Fla., June 23.—Something new in municipal ownership was inaugurated when the city of Tampa paid the Ocean and Gulf Realty company of New York \$125,000 cash for the Tampa Bay hotel and grounds, becoming the sole owner of the property upon which the late Henry B. Plant spent \$3,000,000. The city will use the grounds as a park and lease the hotel.

Alleged Murderer Arrested.

Vincennes, Ind., June 23.—Fred Williams, alias John Coxe, Tom Bal-er, etc., wanted at Evansville on a charge of murder, was captured at Sumner, west of here. The prisoner was taken to Evansville.

Exhorted to Calmness.

Moscow, June 23.—The governor of Moscow has posted notices of the forthcoming mobilization of troops and exhorting the population to be calm. The mobilization is expected June 29.

COUNTY NEWS

Gowdy.

A fine rain. John Piles, Jr., was hurt in a runaway Saturday night, but not seriously. Frank Henderson is building a nice new house.

Work on the Brookbank ditch is progressing slowly.

Daniel Garner, living one-half mile south of Gowdy, commenced cutting wheat Monday. We think he leads. Clover hay harvest is in full blast, and it is a full crop.

A basket dinner will be held at Moscow Sunday. Preaching in the morning with Children's Day exercises in the afternoon.

A large crowd attended children's exercises at Big Flatrock Sunday night. The exercises were good.

N. Jones, contractor, will soon begin work on Perry Gosnell's new house. When completed it will be one of the finest houses in the township.

Perry and Wash Gosnell will dig a gas well this summer.

Gowdy.

They are making great preparations at Moscow for the basket meeting to be held in the grove near town.

Mrs. Annie Hardy, who is at Shelbyville, under the care of Dr. Kennedy, is better.

Mrs. Sarah Carpenter visited friends at Sullivan, Ind., last week.

Mrs. Ward Thompson who has been in poor health for some time will go to Indianapolis to a sanitarium soon.

Surveyor Herkless was along the Mill creek ditch Monday resetting two or three stakes that had been misplaced.

Mrs. John Scull, of Flatrock, visited her parents, Harrison Brookbank and wife last week.

Charley Alter and John Benning were at Shelbyville Tuesday looking after their horses.

N. Jones, of Moscow, has commenced a new house for Perry Gosnell, near Gowdy.

There was a big crowd at the festival here last week and the people bought very liberally.

Miss Vossie Hardwick, of New Salem, is visiting at her uncle's, James Hardwick.

John Piles and Earl Halterman,

while driving a colt a few days ago, were thrown from the buggy and hurt. Both of them were considerably shaken up.

William A. Hardy will build a new barn for Christian Alter.

N. Jones will build a new house for Dayton Hungerford soon.

Several from here attended children's exercises, "Brightening the World," at Big Flatrock church Sunday night, which they say was good.

Miss Oma Land will attend the Power-Farlow wedding Thursday.

Wheat harvest is here. Several are cutting wheat, while others are putting up hay.

Miss Golia Hamlin, of Moscow, is doing housework for her aunt, Mary Ann Redenbach.

Carthage.

Miss Bertha Hill returned Monday from a pleasant visit with friends at Spiceland.

Mrs. Lizzie Conoway left Tuesday for a three weeks' visit with her sister, Mrs. Abbie Mendenhall at High Point, N. C. Mrs. Parintha Anderson and Herman Macy also left at the same time to visit relatives at High Point.

Miss Bessie Miller is visiting her cousin Peru Holt, near Spiceland this week.

Miss Bonnie Henley is attending the summer term at Earlham College.

Mrs. Florence Stinger, of Indianapolis, is visiting friends and relatives in and near Carthage. She is entertained by Wm. Alexander and family, east of town.

Rev. Harvey Daily, of Camden, Ind., and Joe Marsh, of Vincennes, attended the funeral of David Tarbet Tuesday.

Mrs. Nellie Gilliam is here the guest of her mother, Mrs. John Wilson.

Henry Holt, Jr., and a friend, of Indianapolis, are visiting Drury Holt and wife this week.

The Passion Play will be given at the M. E. church next Monday night under the auspices of class eight of the M. E. Sunday school.

Misses Bertha Henley and Nellie McCorkle attended Field Day at Spiceland Wednesday.

Rev. and Mrs. J. F. Scull are visiting friends and relatives at Rushville and Milroy this week.

Mr. and Mrs. Emanuel Herold, of Knightstown, have issued invitations to the marriage of their daughter

Harriet to Mr. Charles R. Butler of this place. The wedding will take place on Wednesday, June 28th at 8 o'clock at the home of Mr. and Mrs. Herold. They will be at home in Carthage after September 1st.

BASE BALL.

The Greensburg management has failed to get a special train to Connersville for the game Sunday.

Connersville papers are erratic. Give the base ball team about five lines when it wins and two columns when it loses. Hard luck for Jot Goar, the idol of the fan.

Potatoes, neighbors, however, small, have eyes and Rushville will be on the lookout for the why and wherefores all through the game. Don't worship Goar; he gets his bumps occasionally like any other ordinary pitcher, but his Waterloo is looming up on the horizon and his finish is coming. Just keep your eye on the indicator—Johnny McCord.

Greensburg Graphic: The fact that the saloons were closed last Sunday on account of the ball game is causing no little comment among our neighbors "Fans" at Rushville and Connersville, each insisting that it was on account of the rowdies from their neighboring city, that caused our mayor to order the saloons closed. Alright brothers, keep the ball rolling, so long as we win the game, we don't care whether the rowdies come from Rushville or Connersville.

Connersville News: Manager LaRue has just received a letter from Jimmy Geraghty, manager of the Rushville ball club, to the effect that the latter had cancelled his game with Lebanon, next Sunday, in order to give the fans of that town an opportunity to witness the second game of the series between Connersville and Greensburg to be played in this city. This is a generous move on behalf of Geraghty and an incentive to the sport. Manager LaRue will attempt to reciprocate by urging Connersville people to go to Rushville, Wednesday, June 28th, to witness the Rushville-Greensburg game. Rushville has been booked to play in this city, Sunday, July 23d, and on Sunday, August 6th. Connersville will play a return engagement at Rushville.

Scaffold Taken Down. White River Junction, Vt., June 23.—The scaffold which has been ready for the execution today of Mrs. Mary M. Rogers was taken down this morning.

Hoch Breathes Easier. Springfield, Ill., June 23.—Governor Deneen has granted Johann Hoch a reprieve until July 28 in order that the case may be taken to a supreme court justice for a writ of superseadeas.

Mitchell's Ticklish Position. Portland, Ore., June 23.—On the day that marked the seventieth milestone of his journey through life, his face blanched and the veins standing out across his temples, John H. Mitchell, senior United States senator from Oregon, listened to the testimony of Judge Tanner, his life-long friend and law partner. Judge Tanner testified that he had told the senator that though it would necessitate perjury, and that he had never done such a thing in his life, he would stand by his partner and do what he could to help him. Letters passing between the two men were also entered in evidence as tending to show the knowledge of the defendant that he had been violating the law.

Wife's Pleading Saved Him. Muncie, Ind., June 23.—Notwithstanding Orville Gray shot nine times at his wife in an endeavor to kill her, and would have succeeded but for a neighbor woman, who threw herself on him and wrested the revolver from his hand while he had it pressed against his wife's breast, Gray was let off by the authorities after being fined on a number of minor charges. This was due to the pleadings of Mrs. Gray, who asked that her husband be restored to her. Gray was drunk and jealous when he did the shooting, and is now repentant.

LOCAL BREVITIES

Thomas Craig has purchased a new Field's hay baler.

A set of motor fans has been installed at the Magnolia restaurant.

Miss Florence Pearson is recovering nicely from her recent operation.

Mrs. Henry Long is in very poor health at her home, near Arlington.

Jack Hall, of Glenwood, who has been sick for some time, is now able to be out.

Born to William Floyd and wife yesterday morning a twelve and one-half pound girl.

Prof. Orlando Randall, of the Gings school, is attending the summer term at Butler College.

Lon Stewart contemplates building a fine new residence on one of his lots northeast of town.

Sam Young says that his firm shipped over three hundred hogs to Louisville, Ky., this week.

While out fishing near White's mill yesterday, Benton Monjar succeeded in landing a three-pound bass.

Born to Mr. and Mrs. Elijah Buchanan, of Jackson township, yesterday, a fine boy. Weight ten pounds.

The grade of Seventh street, between Main and Perkins, is being lowered. This is said to be the highest street in town.

Will Culbertson, living southwest of town has purchased a new Field's ten horse power gasoline engine for his own use.

Fred. E. Hudelson, of Center township, has purchased a farm in Henry county, where he will move sometime next spring.

Work on Frank Mullin's new house on the corner of Seventh and Perkins streets is progressing nicely. The roof is now being put on.

Delia Miller, of St. Paul, has filed a \$10,000 damage suit at Greensburg against Harry C. Adams for the killing of her son, who met his death in a railway accident in Mr. Adams' stone quarry last year.

Mrs. Williams, of Richmond, who underwent an operation at Sexton's sanitarium five weeks ago, was able to return home yesterday.

Vandals cut a lot of fine new rubber hose at the home of A. L. Winship yesterday. The hose was lying in the front yard and it was there that the work was done.

Greensburg News: The suit of Michael Kelly, vs. the Cincinnati, Indianapolis & Western Railroad company, for damages received here from Rush county was dismissed and the costs paid.

Harrie Jones, Rushville, Ind., writes that he, last week, drove the three-year-old pacer, Nice Boy, by Woodland Boy, 2:06 1/4, a mile in 2:20 1/4, last half in 1:05, last quarter in 31 1/4 seconds, and the last eighth in 15 1/4 seconds.

Rev. Harmon and Charles Cobbey, of Columbus, were in the city today, promoting the Chautauqua. They report that the prospects are most encouraging. Mr. Cobbey will assist Rev. Harmon in the work of arranging the Chautauqua.

While pitching hay Monday afternoon, Rex Innis, of near Milroy, was overcome with the heat, and fell to the ground unconscious. He was taken to the house and Mrs. Thomas and Hoagland summoned. He soon revived and is now up and about, seemingly as well as ever.

H. L. Hernly, New Castle, Ind., this week sold the famous "race" horse and extreme speed sire, Bourbon Patchen, 2:09, by Bourbon Wilkes, dam Carrie Patchen, by Mambrino Patchen, to Dr. W. B. Smith, Rockford, O. Dr. Smith and Ohio breeders in general are to be heartily congratulated.

District Most Noble Governor, Mrs. Ada Goins, of Indianapolis, visited and inspected the local Household of Ruth last night. She delivered a splendid address after which refreshments were served. Mrs. Goins left this evening for Connersville to inspect the lodge there.

Greensburg News: Mrs. J. M. Stevens will start on her free European trip Thursday, June 29th, the start being made from Cincinnati on a Pullman special. She will sail from New York City July 1st on the steamer Caledonia. England, Ireland, Scotland, Wales and France will be visited, the tour mapped out requiring about five weeks to complete it.

A freight elevator in the rear of Cory & Co.'s furniture store at Shelbyville gave away yesterday evening at 6 o'clock under a heavy load of stores which was being elevated to the second floor. Four men were caught in the crash, but all escaped serious injury with the exception of Fred Maple, who sustained a badly mashed leg, and, it is feared, internal injuries.

A shrewd schoolboy whose available capital is a brass button, will sometime trade himself into the ownership of a watch. When he grows up he becomes a "captain of industry." Grown-ups, through the "Want Adlet" column of the daily Republican, have much better opportunities for barter than schoolboys. If you have something for sale or trade, try a "Want Adlet" in the Republican.

The Philip Brim farm of 360 acres lying partly in Rush and partly in Decatur counties was sold at commissioners' sale in the office of Tackett & Wilson at Greensburg Thursday afternoon to William Emsweller, whose bid was \$14,500. The house and lot in Clarksburg was sold to Henry Hollensbe for \$1500. Other bidders on the property were John Shannon, J. P. Thomson and James Blackamore.

Shelbyville Democrat, Thursday: A young woman claiming to be from Rushville called at a number of the livery stables of the city this morning in search of her hat. She claimed to have been out driving with a young man last night and had lost her "head piece." She was endeavoring to find the buggy in which she had been riding in the hope of locating her "lid" therein. She did not give the name of the young man with whom she claimed to have been during the drive of which she spoke. When last seen she was still in search of the hat.

Morristown Sun: Charles, the five-year-old son of Mr. and Mrs. C. L. Rees, met with a painful accident at their home three miles southwest of town Sunday. In company with his little brother, Charles was out in the lot admiring a new-born calf. The carcases of the boys bestowed on the calf were not properly understood by the mother cow and while moving around to protect her young, she stepped on Charles dislocating one of his shoulders. The fracture was so serious that it was necessary to take him to a special surgeon in Rushville to have the fracture reduced.

Clear white clothes are a sign that the housekeeper uses Red Cross Ball Blue. Large 2 oz. package, 5 cents.

Born Thursday morning to Mr. and Mrs. Will Dagler, Jr., of East Sixth street, an eight and one-half pound boy.

Mrs. Joseph Readle, of Greenfield, and Mrs. Roy Readle and Miss Ida Readle, of Gwynneville, spent the day with Elmer Readle and family.

The police were occupied this forenoon in hunting for some boys who had been throwing stones and who were guilty of other minor offenses.

Thomas H. Robeson has, through his attorneys, Innis & Morgan, brought suit against Alpha and James O'Brien, for the partition of some real estate in the town of Sexton.

Milroy Press: C. M. King, trustee of the old Home bank, informs us that the affairs of the old bank will be closed by the middle of October, or in four months. The bank has already paid 75 per cent. on the deposits, leaving 25 per cent which will be paid in full at the above time. This will be a happy termination of a bad state of affairs which confronted our people just one year ago. And the people appreciate Mr. Allison's efforts to pay them dollar for dollar and make good their trust in him. He still has their respect and confidence.

The honest horse finds pleasure in his work. He enjoys being harnessed or saddled, and derives as much pleasure from a drive or gallop as the hunting dog that is unkenneled and taken to the fields in search of birds. The horse was intended for use, and proper use makes a desirable animal out of a well-bred foal. Standing in the stable week in and week out, for months at a time, never yet made a desirable horse out of a favorite colt. The cheerful, well-broken horse is a treasure, and, if stylish, good-gaited and possessed of a fair degree of speed, is almost beyond price in value.

In its account of the meeting of the grain dealers' meeting yesterday, the Indianapolis Star this morning says, concerning T. A. Coleman's speech: The other address of the afternoon was that of T. A. Coleman, a young man from Rush county, who is connected with the agricultural field work of Purdue University. Coleman is a practical farmer and it was evident from the discussion following his talk that his views were pretty well shared by the men who handle grain. His subject was "Corn," and he dealt particularly on the necessity of improving the quality of the seed corn that is to be used in Indiana.

D. J. Gilleland, Evanston, Ill., owner of Joe Russell, 2:17 1/4, and Bourbon 2:17 1/4, both in George Foster's stable, was at the State fair grounds track, in company with William Dagler, of Rushville, last Thursday, and was much pleased with the way both horses are doing. With Foster behind Russell and Mabrey behind Bourbon, the pair were stopped three heats, and, though they were not allowed to step full miles fast, they were stopped some brisk finishes. Here are two trotters with reputations as race horses already, but from present appearances, way of going and speed, they will be "bad ones" to hold tickets against this season. Mr. G. may well be pleased with them.

In speaking of the accident which befell Edward Adams, son of John Adams, of Posey township, at Liberty, last Thursday, the Liberty Herald says: "Ed Adams, one of the bridge hands at work on the Hannah's creek railroad bridge, east of Liberty, had a narrow escape from death Thursday afternoon at four o'clock by falling from a high place on the bridge to the creek bottom. He was very severely hurt, but will probably recover. It was quite a while after his fall before a physician could be secured. The west-bound train conveyed the unfortunate man to Liberty and he was taken to the residence of Dr. Kell, where he boards, and was attended by Dr. E. R. Beard. His injuries are internal, but he is resting fairly well and, it is thought, will recover."

Do your clothes look yellow? If so use Red Cross Ball Blue. It will make them white as snow. 2 oz. package, 5 cents.

FOR GOOD FLOUR

To run you until harvest you had better get "INDIANA PRIDE" or "PURITY". We are in a position to furnish farmers with flour and take wheat for same at harvest. Also have arrangements so that the farmers who have wheat in the mill for flour can get flour down town and will not have to drive to the mill. Remember, we give best grade flour in exchange for wheat. We ask a trial from all.
